

Meadgate Primary School

Catch Up Premium Spend 2020 – 2022

Amount of Catch Up Spend Allocated £16,240

<u>Use of the Spend</u>	<u>Amount (£)</u>	<u>Action</u>	<u>Impact</u>
Summer Holidays 2020 Learning Assessment Week (LAW).	£3,600	Teachers to run learning weeks in the summer holidays for years 2 – 5 in order to assess the impact of home learning. The outcomes will inform the individual pupil plans (IPP) that will be produced by 25 th September 2020.	Teachers who ran the LAW had a good understanding of what was learnt and what was not learnt at home for the pupils that attended. This informed the IPP that were produced and shared with parents/carers.
Resources to support the Individual Pupil Plans	£1500	Teachers and SLT to assess the recovery plans needed following the IPP process and identify what, if any, resources are needed to support learning further. For example, will we need more phonics equipment to support year 2 and year 3	On going
Intervention Programmes during the school day	£9240	A n employed class teacher will cover the class while the class teacher works with three to four groups of pupils on an area identified on the IPP. These sessions will take place in the afternoons and will be in addition to the daily English and mathematics lessons. These sessions will range from 5 week bocks to 10 week blocks and will be reviewed at the end of the sessions and impact discussed with SLT and parents/carers. The IPP will be reviewed in the	This is ongoing and will continue into the autumn and spring term.

		spring term following the autumn recovery curriculum.	
Curriculum Cultural Capital Enrichment	£1950	Following the return to school it was clear that cultural capital enrichment was needed and curriculum hands on experiences were needed to reinforce key concepts and knowledge.	History, science, geography and sports events have proved successful and pupil voice monitoring shows that our most vulnerable benefitted enormously from experiencing history, science, geography and sports first hand.

The Catch Up Spend will be reviewed each term by school governors and the impact measured at the end of the spend.
