

# Year 1 - On Safari – Geography

## The 7 Continents of the world

Africa  
Antarctica  
Asia  
Australia  
Europe  
North America  
South America.

## The 5 Oceans of the world

Arctic  
Southern  
Indian  
Atlantic  
Pacific

## What is Safari?

A SAFARI is an exciting and adventurous way of seeing the 'real Africa' because it enables you to view a variety of wildlife in their natural habitat.

This is the location of the United Kingdom. We live in the country England.

This Large continent is Africa.

Africa is made up of many countries. Here is the country is Kenya

## Where is Kenya?

- Located in east Africa.
- Population of around 44 million.
- The capital city is Nairobi.
- Mombasa, situated on the coast, is one of Kenya's largest cities.
- The Tana river is the longest river in Kenya.
- Mount Kenya is the highest mountain (5200m).
- Kenya's coastline is on the Indian Ocean.
- Swahili and English are the official languages.

## The Compass

A **compass** has four main **directions**, which are north, east, south and west. Part of the **compass** (the needle) will always point north. You then have to work out which **direction** you are facing depending on where north is.

The **equator** is an imaginary line around the middle of a planet. It is halfway between the North Pole and the South Pole

## Our Weather

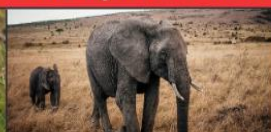

The weather in the **United Kingdom** can change from day to day. The four **seasons** have particular weather patterns. You could keep a weather diary by measuring the **temperature** (using a **thermometer**) and **recording** your **observations**.

## The Big Five - the largest and most dangerous African animals

African lion

African elephant

Cape buffalo

African leopard

White/black rhinoceros

## Weather and Climate in Kenya

Kenya lies on the equator.

Hot, dry deserts in the north.

The highlands are cool.

Climate is hot, sunny and dry for most of the year.

Hot and humid in the west.

Mount Kenya is high enough to be covered in snow all year round.
