

Key times for toys changing are:

- Victorian
- 20th Century
- 21st Century

These days there is a lot more variety and choice of toys.

Lots of things change over time.
Like toys, people and plants.

Toy can be passed down from generation to generation but are likely to get tatty on the way.

Year 1: Toys

Old toys are very simple and are mostly made from wood and metal.

Toys can be made from:

- Wood
- Plastic
- Metal
- Cardboard
- Paper
- Glass

Toys have developed a lot since the Victorian times.

New toys are made mostly from plastic and use batteries or electricity.
