

From Monday, Meadgate Primary School is closed for the further containment of COVID-19 and as such the government recommends segregations.

Please complete the form below and return to school tomorrow morning by 11.30am if you think there is no-one who can look after your children because you are a key worker.

If **only one** member of a household is a key worker this does not automatically qualify your family as one requiring childcare.

The government's purpose for closure is to significantly reduce the spread of infection and therefore your children should be at home unless you are a frontline worker helping to fight Coronavirus.

☐

I/We consider my/ourselves a key worker and as such have no suitable child care for our child/children during our working hours.
