

Waterproof means that it keeps the water out and keeps things dry.

Materials are what an object is made from.

Materials include:

- Plastic
- Wood
- Metal
- Glass
- Cardboard
- Paper
- fabric

Year 1 Materials

Soft means it can be easily cut, folded or change shape.

Hard means that it can't easily be broken or bent.

An object is a thing that can be used. Like; door, chair, car

Absorbent means that it soaks up water, like a sponge.

Toys are mostly made from plastic these days.
