Computing

Follow my Safer Internet Day lesson video. Pause the screen when you need to so you can follow the activities.

Look for these two resources:

Activity 1 All the adverts.pdf

Activity 2 Spot the motive.pdf

You do not need to print them - you can look at them and talk through the work with an adult if you do not have a printer.

If you have taken part in the Safer Internet Day activities and lesson, you have got a certificate! I have attached it as a document under our computing lesson resources today so if you have a printer, please give yourself a copy!
