We are going to be using these mathematical words; 'whole' and 'part' and using a 'part-whole model'</p> <ol style="list-style-type: none"> 1. Remind yourselves of yesterday's lesson. You could even watch the Numberblocks episode 'The Whole of Me' again to help you remember 2. Have a look at the part- whole models across. What do you notice about them? 3. Ask a grown up to draw some blank ones for you (I will also add templates to the website for those of you with printers) 4. Write a number 5 in the top and use 5 small objects to see how many different ways you can make 5. Write all these ways as number sentences e.g. $5 = 3 + 2$ <p>Challenge alert!
