

Autumn Term 1 Homework Year 6

Your aim for homework this year is to practise your organisation skills and try to start thinking about deadlines before high school. Reading is an expectation three times a week. Homework and reading records are to be handed in each Monday morning so I can hand out house points for your hard work! All tasks can be done in your homework book. All spellings can be found on our class page plus digital copies and answers for you to check your work.
